CHESTER WATER AUTHORITY ANNOUNCES HYDRANT FLUSHING SCHEDULE FOR JULY 2015

Chester, PA – July 8, 2015: The Chester Water Authority (CWA) will be conducting routine maintenance on our water distribution system. CWA personnel will be flushing the water system by opening fire hydrants within our service territory. Please note that all hydrant flushing will be performed during nighttime hours so as to provide minimal disruption to our valued customers. Please note that all personnel conducting this work will be in CWA uniforms and company marked vehicles.

Customers in the area where hydrant flushing is occurring may experience some temporary discoloration of their water during this time period. If you experience this, simply run your cold water for a couple of minutes and this should resolve the problem.

Beginning the week of July 12, 2015 and through the remainder of July, CWA will be flushing hydrants in the following municipalities in Delaware County:

- Aston Township
- Bethel Township
- Concord Township
- Chester Heights Borough

If you have any questions, please contact our Customer Service Department at (610) 876-8181 or (800) 793-2323.
